

Canadian Orders Notice: Canadian Customs has been charging some of our customers Duty for their purchases. Please be aware that **you may be charged duty** on the items you have purchased. We have paid all Duty and Taxes for this product at the time of import and we have custom clearance on all our products. The NAFTA agreement between the countries should precede any duty charged you but that is not the case at this point. **We cannot refund for any duty you may be charged.** If you would like to proceed with your order please assume you will be charge the duty on the product. Our customers have reported about a 6% fee for the total amount of purchase, but you need to check with customs in your country for the amount that could be charged you for LED Christmas Lights.

Duty, Taxes and Handling Fees on Items Mailed to You

Duty and tax exemptions

The CBSA can examine almost any item that comes to Canada by mail.

You may have to pay duty, the [goods and services tax](#) (GST) or the [harmonized sales tax](#) (HST) and the [provincial sales tax](#) (PST) on items mailed to you. If you owe duty and tax, it will be indicated on Form E14, *CBSA Postal Import Form*, which will be attached to your mail item when it is delivered.

The amount of duty or taxes you may owe on an item depends upon the following:

- [the item's value in Canadian dollars](#);
- whether or not the item is a [gift](#); and
- any exemptions specified in related legislation.
